## ***Good Faith Estimate Notice***

---

At RAVE, we want you to understand your health care costs clearly and simply.

If you don't have insurance or choose not to use it, you have the right to receive a **Good Faith Estimate** of expected charges **before** receiving health care services.

### **What is a Good Faith Estimate?**

- A written estimate of expected costs for your scheduled health care services.
- Includes related costs like tests, prescriptions, equipment, and facility fees.
- It is **not a bill** and may not include unexpected costs that arise during treatment.

### **When will you receive it?**

- If you schedule a service at least 3 business days in advance, you'll get the estimate within 1 business day.
- If you schedule or request cost info at least 10 business days in advance, you'll get the estimate within 3 business days.
- You can also request an estimate before scheduling.

### **What if your bill is higher?**

- If your bill is **\$400 or more above the estimate**, you may **dispute it**.

Keep your estimate safe and compare it to your final bill.
